

Hyderabad 17th of August, 2007

TO WHOMSOEVER IT MAY CONCERN

Ashray Akruti is a non-profit organization, which runs the Little Angles School for the Hearing Impaired children at Hyderabad, India. It has been operating for the past 10 years and has made great impact in the lives of these special children.

P.Jaya Bhushan Praneeth and Tharun Sholarajan from “ Ray of hope” were enthusiastic and actively participating volunteers who helped the organization achieve its objectives. They often visited the school and interacted with the children, taught the basics in Mathematics and taught Cricket for over 100 children for two months.

Their kind gestures will be indeed remembered by the students and staff members of Ashray Akruti. We wish them the very best in all their future endeavors.

With warm regards,

D.P.K Babu
